

# KAPPA

Petroleum E&P Software, Training & Consulting

## Free Ecrin training in Calgary, Canada

KAPPA is pleased to offer you two free days on Ecrin Software. These sessions will benefit existing KAPPA users or those interested in the new technology in 3D modeling, data management and general Ecrin workflow.

### 1. An introduction to Rubis Model Building

This is an opportunity to work, hands-on, with the new KAPPA 3D full-field modeling tool to show how the software can be used in production performance prediction and developing intervention scenarios.

**Dates:**

**Nov 22nd:** Rubis Modeling

**Nov 23rd:** Ecrin Workflow

**Venue:**

Calgary, Canada

### 2. Ecrin Workflow

A hands-on session working with datasets for PTA and PA using Diamant, Saphir NL and Topaze NL with a focus on the numerical features and unconventional gas functionality. A minifrac presentation will also be included in this session. This provides critical data needed for the design of MFHW and it is a requirement by ERCB for steam injection projects.
